

LAMBERT-ST. LOUIS INTERNATIONAL - TAXIWAY REHABILITATION PROGRAM

A **KWAME** led a joint venture team - along with Howard R. Green Company - served as Construction Manager for a \$27 million rehabilitation of a taxiway, relocation of a roadway and construction of perimeter fencing at Lambert-St. Louis International Airport.

The American Concrete Pavement Association recognized the **KWAME**/Green Joint Venture for their work on the reconstruction of taxiway F, L & S at Lambert-St. Louis International Airport. The project was rated the "best commercial service and military airport concrete paving project completed in Missouri in 2007."

Construction Cost: \$27 million
Completion Date: 2007
