

## ST. LOUIS COMMUNITY COLLEGE â€™ SCIENCE LAB RENOVATION

**KWAME** is providing construction management for the a major renovation project to modernize science laboratories at St. Louis Community College’s Forest Park, Meramec and Florissant Valley campuses.

15,000 square feet of science laboratories at the three campuses will be updated with new lighting, casework, flooring, paint, and laboratory equipment.

**KWAME** is managing the project in two phases on a tight summer timeline to meet academic schedules. Construction of the first phase, which includes 13 labs, will be completed in mid-August, in time for the 2016 - 2017 school year. The remaining six laboratories will be renovated in Summer 2017

The architect is Michael Roth & Associates and the general contractor is Kozeny-Wagner.
