

WEBSTER UNIVERSITY - EMERSON LIBRARY

This new 71,500-square-foot library located immediately north of the university center also included a public plaza that linked two quadrangles on either side of Edgar Road to create a cohesive campus.

The Paric/**KWAME** joint venture team provided state-of-the art construction management services, including scheduling, estimating and managing the various construction trades throughout the project.

Construction Cost: \$13.5 Million
Completion Date: 2003
