

UNIVERSITY CITY POLICE DEPARTMENT HOLDING CELLS

KWAME acted as the Construction Manager responsible for the construction of an expanded holding cell space for the University City Police Department. This facility expansion allows for additional prisoner holding capacity, and was completed with minimal disruption to the operations of the existing facility.

The City of University City will benefit from KWAME's familiarity and experience in delivering project's for your facility's end-user, as well as the proven ability to deliver improved facilities with minimal disruption to ongoing operations.
