

## BARNES-JEWISH HOSPITAL PATIENT DIVISION RENOVATION

**KWAME**, in Joint Venture with McGrath Construction, was selected by BJC Healthcare to provide Pre-Construction and Construction Management at Risk services for the consecutive renovations of Division 8100, 8200 and 8300 on the south campus of Barnes-Jewish Hospital.

This project consisted of demolition of existing doors, frames, walls, casework, flooring, ACT ceiling, and miscellaneous furnishing/equipment, as well as the furnishing and installation of plastic laminate doors, sheet vinyl flooring, ceramic tile, MEP rough and trim, plumbing fixtures, mechanical units, lighting, and hospital computer equipment.

**Construction Cost:** \$3.3 Million  
**Completion:** November 2004
