

## EAST ST. LOUIS HOUSING AUTHORITY

The East St. Louis Housing Authority (ESLHA) contracted **KWAME** to provide construction administration services on various public housing renovation projects.

The ESLHA provides approximately 2,000 units of public housing to low-income families, the elderly and people with disabilities. The ESLHA owns and operates nine family developments, six high-rise apartment buildings, and various single family detached homes throughout the City of East St. Louis.

**KWAME** provided technical assistance on Phase I of the ESLHA's Villa Griffin Homes townhouse renovation and is construction administrator on Phase II. Other projects include a new boiler system for the Lansdowne Towers apartments, a wastewater pump station repair, and renovations to several single-family homes.

**KWAME** is assisting the ESLHA in developing the scope of work, estimating, scheduling, inspections, quality control, and punch lists.

**Construction Cost:** \$ \_\_\_\_\_  
**Completion Date:** Ongoing
