

## SOUTHERN ILLINOIS UNIVERSITY-EDWARDSVILLE - SCHOOL OF PHARMACY

**KWAME** was selected to provide Construction Management as Observer services for the construction of the new \$3.5 million School of Pharmacy building and renovation of 15,000 square feet in an adjacent University Park facility. The facility is a one-story steel and masonry structure with teaching and research laboratories, an office suite and a Drug Information Center.

As the construction observation consultant, **KWAME** served as the University's eyes and ears for the project, providing regular site reviews, pay application reviews, schedule reviews and observation of quality and safety.

**KWAME** provided thorough documentation of the construction process, acted as a communications conduit for the multiple prime contractors, and worked diligently to ensure worksite safety.

**Construction Cost:** \$3.5 Million
